

DOOSAN[®]

➤ NATIONAL ACCOUNTS

Powered by Innovation

Doosan is one of the fastest-growing equipment brands in North America because we take the time to listen and understand our customers' challenges. We focus on building the durable, hard-working equipment you demand. We also work to anticipate tomorrow's challenges and develop innovative ways to help you manage projects more efficiently, work smarter and maintain equipment with less time and effort.

AT DOOSAN, we believe innovation can be a revolutionary technology, a timesaving equipment feature or simply a helpful suggestion from a Doosan dealer to solve an everyday problem. Our innovative approach is always based on you and what you need to compete and grow your business — today and in the future.

DURABLE

Rugged designs, heavy-duty components and easy-to-manage maintenance intervals help improve uptime.

HIGH PERFORMANCE

Impressive hydraulic arm and bucket forces, fast cycle times and new technologies maximize productivity.

EASY TO MAINTAIN

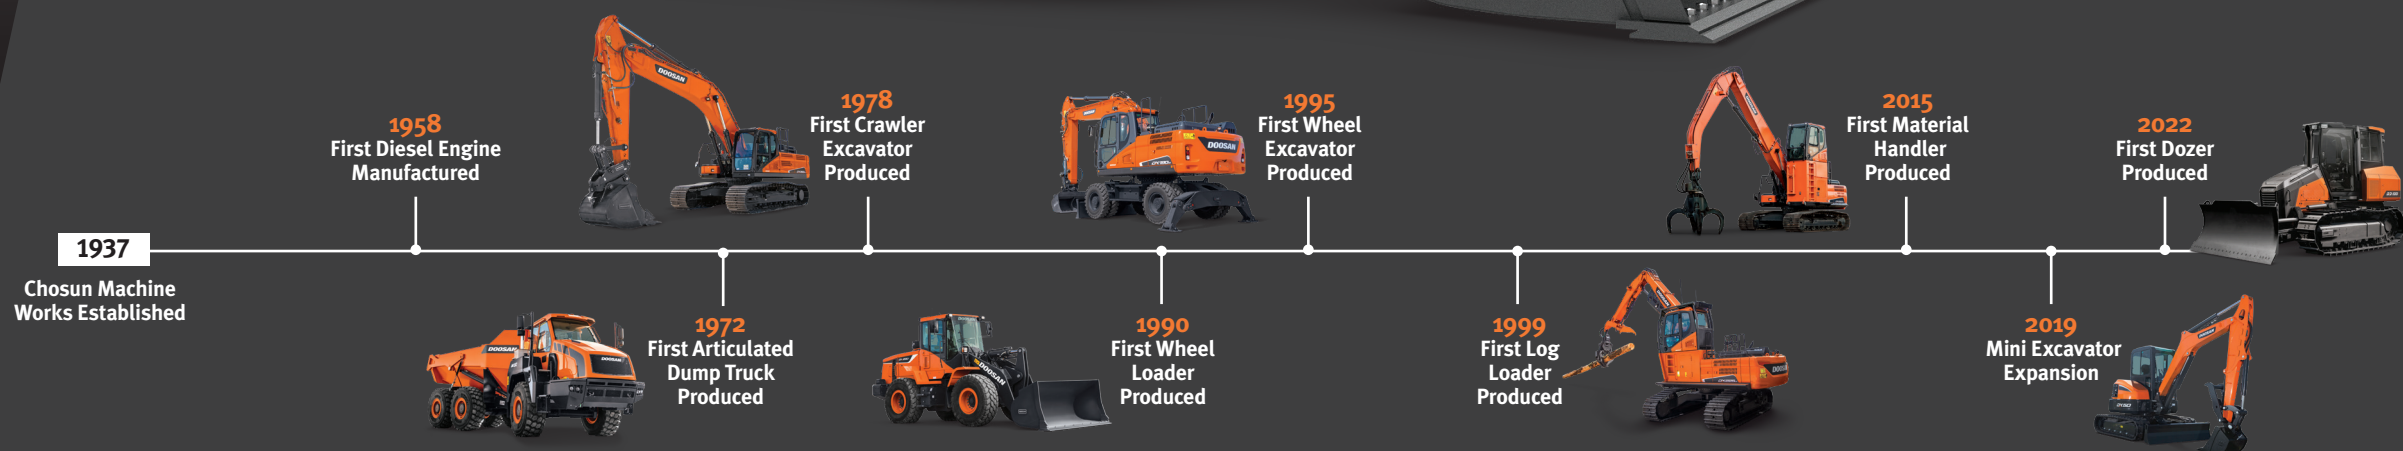

Easy component access, on-board diagnostic systems and extended greasing intervals reduce maintenance hours.

COMFORTABLE

Superior visibility, spacious cabs, intuitive controls and added comfort features help keep operators focused on the job.

FUEL EFFICIENT AND TIER 4 COMPLIANT

Doosan equipment incorporates a high-pressure common-rail fuel delivery system as well as cooled exhaust gas recirculation, combined with a diesel oxidation catalyst (DOC) and selective catalyst reduction (SCR) with diesel exhaust fluid (DEF).

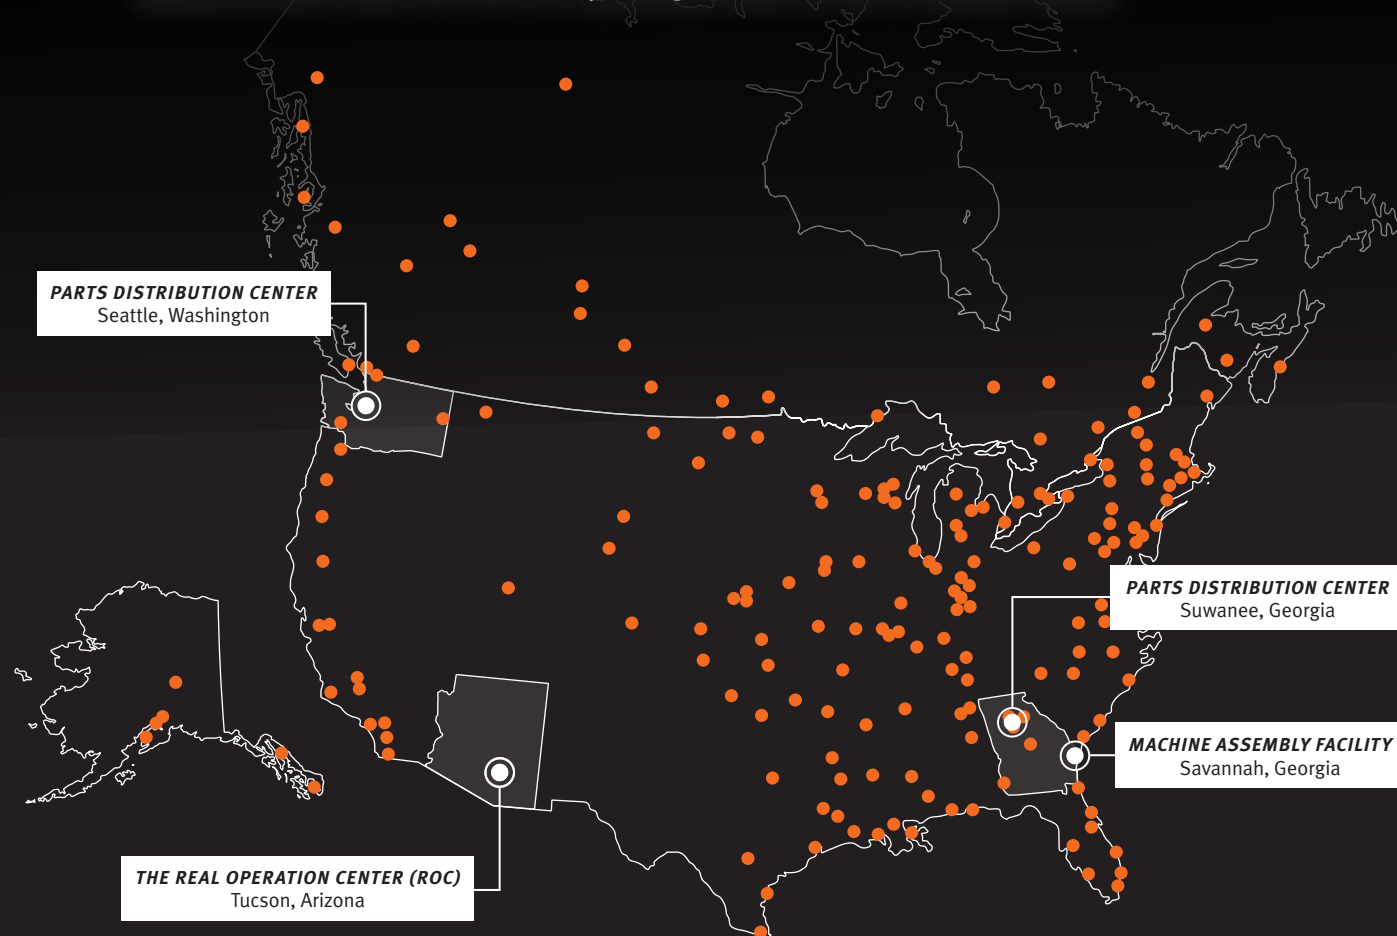

CONCEPT-X

Envisioning the jobsite of the future, Concept-X is a comprehensive control solution that can be used to survey the worksite, establish operation plans and operate equipment without human intervention.

DEDICATED TO YOUR SUCCESS

We understand that you have specific and unique business challenges. In addition to delivering durable equipment, Doosan is known for putting customer needs first. You can count on unrivaled customer service and support through our dedicated national accounts team and from our expanding network of North American dealers.

4

STRONG DEALER NETWORK

Our network of local dealers continues to grow across North America. These knowledgeable teams are dedicated to your success by offering responsive service, reliable parts and trusted advice.

PARTS AVAILABILITY

With two Doosan-exclusive parts distribution centers in Georgia and Washington state, our dealers provide more parts inventory and faster delivery — including less than two-day delivery on a majority of genuine Doosan® parts.

MACHINE ASSEMBLY FACILITY

A dedicated facility in Savannah, Georgia, tailors the equipment configuration and final machine assembly for faster delivery.

DOOSANCONNECT TELEMATICS AND MACHINE MONITORING

FREE MONITORING. NO CONTRACT. NO FEES.

A standard feature on most Doosan models, the DoosanCONNECT® Telematics system makes it easy to remotely monitor and maintain your equipment. This powerful diagnostic tool monitors the health, location and productivity of your Doosan equipment from a user-friendly mobile app and website.

SMART X-CARE™

Smart X-Care fleet tracking service offers continuous monitoring of your construction equipment telematics, alerting you and your dealer as needed.

DOOSAN
PROTECTION PLUS® Extended Warranty

GREAT STANDARD WARRANTY

Our equipment includes full coverage for 12 months or 1,500 hours and powertrain and hydraulic coverage for 36 months or 5,000 hours along with dedicated support from dealers to stand behind it.

INDUSTRY-LEADING EXTENDED WARRANTY

The Protection Plus® extended warranty plan offers more than 70 different options allowing you to customize protection from defects in materials or workmanship.

DOOSAN WHEEL LOADERS

Doosan® wheel loaders deliver market-leading productivity required for construction and municipal operators, and industrial, mining and quarrying applications. Improved performance features amplify the ability to scoop, carry and load more material.

INNOVATIVE TECHNOLOGIES

- + Doosan-Exclusive Transparent Bucket
- + Situation Awareness Technology
- + DoosanCONNECT® Telematics
- + Doosan Smart Touch Display

PERFORMANCE

- + Stronger Axles and Frames
- + Larger Bucket Capacities
- + Outboard Brakes

COMFORT

- + 14% More Window Glass and Full Glass Door
- + Standard Rearview Camera

DOOSAN CRAWLER EXCAVATORS

Doosan offers a solid lineup of crawler excavator models equipped for nearly any digging, lifting and loading application – including confined roadways, major construction projects, mass excavation, heavy-duty mining, scrap handling and more.

INNOVATIVE TECHNOLOGIES

- + Fully Electro-Hydraulic Control System (-7X Model)
- + DoosanCONNECT® Telematics
- + Electronic Power Optimizing System
- + Doosan Smart Touch Display

PERFORMANCE

- + Reduced and Conventional Tail Swing Models
- + Powerful Digging Forces
- + Fast Cycle Times
- + Multiple Arm Options

COMFORT

- + Best-in-Class Operator Comfort
- + Optional Heated/Cooled Seat
- + 360° All-Around View Monitoring System
